Create a web application for Halloween party:

It consists of **4 pages**.

- 1- Home page.
- 2- List of Guests
- 3- Gallery
- 4- About

## Navigation Bars

<b>Home</b>	<b>List of Guests</b>	<b>Gallery</b>	<b>About</b>	<b>Display clock</b>
-------------	-----------------------	----------------	--------------	--------------------------

In **Home page** you will have a request form, where guests enter their information for reservation:

Each field is required to fill in.

Home page should look like the following image with **Press button**

Home List of Guests About 17:25:27

We're going to have an exciting party!

And YOU are invited!

RSVP Now

Once you press **RSVP now**: it should open a page where you fill the required info for reservation.
